

Lieut. Gov. Jim Hunt Critical Of GOP In Speech In Iredell

"Progress and greatness in the nation's history have nearly always come with Democrats at the helm," North Carolina's Lieut. Gov. James B. Hunt, Jr., declared as he spoke in Iredell County last Wednesday night. Keynote speaker at the third in a series of rallies sponsored by the Iredell County Democratic Party, Hunt spoke to some 200 persons gathered in the auditorium of East Iredell Elementary School.

The rally got underway with handshaking and an abundance of homemade ice cream and cookies. "I'm going to spread this idea of democratic ice cream socials all over North Carolina," the lieutenant governor said as he began his talk. "Ice cream socials and fish stew are the Democrats' Democratic Party."

Hunt then turned to the current scene in Raleigh under a Republican administration, blasting the manner in which the GOP is conducting the state's business.

"I am Alpha and Omega, the beginning and the ending, saith the Lord, which is, and which was, and which is to come, the Almighty." Rev. 1-8.

Today, as I write this column, I realize there are thousands of people who are crying out for help desiring for deliverance, for needs to be met, for healing, and peace within themselves. They are asking, is there any hope?

My friend, I say to you today, Oh, yes, there is hope and true victory for you, and that is in God himself. Two weeks ago, after praying and seeking God, the Lord again blessed me with writing another poem entitled, "The Master." I pray as you read this poem that you can feel the mighty presence of The Heavenly Father. Today, as I stole away and bowed on my knee.

I felt the mighty presence of the man from Galilee. The one who calmed the stormy sea and gave his life that man could be free. He seemed to recall to my mind.

That He was able to heal the blind. That on three occasions He raised the dead. And on two occasions, thousands He fed. He said, as I went everywhere and taught, I caused even the lame to walk.

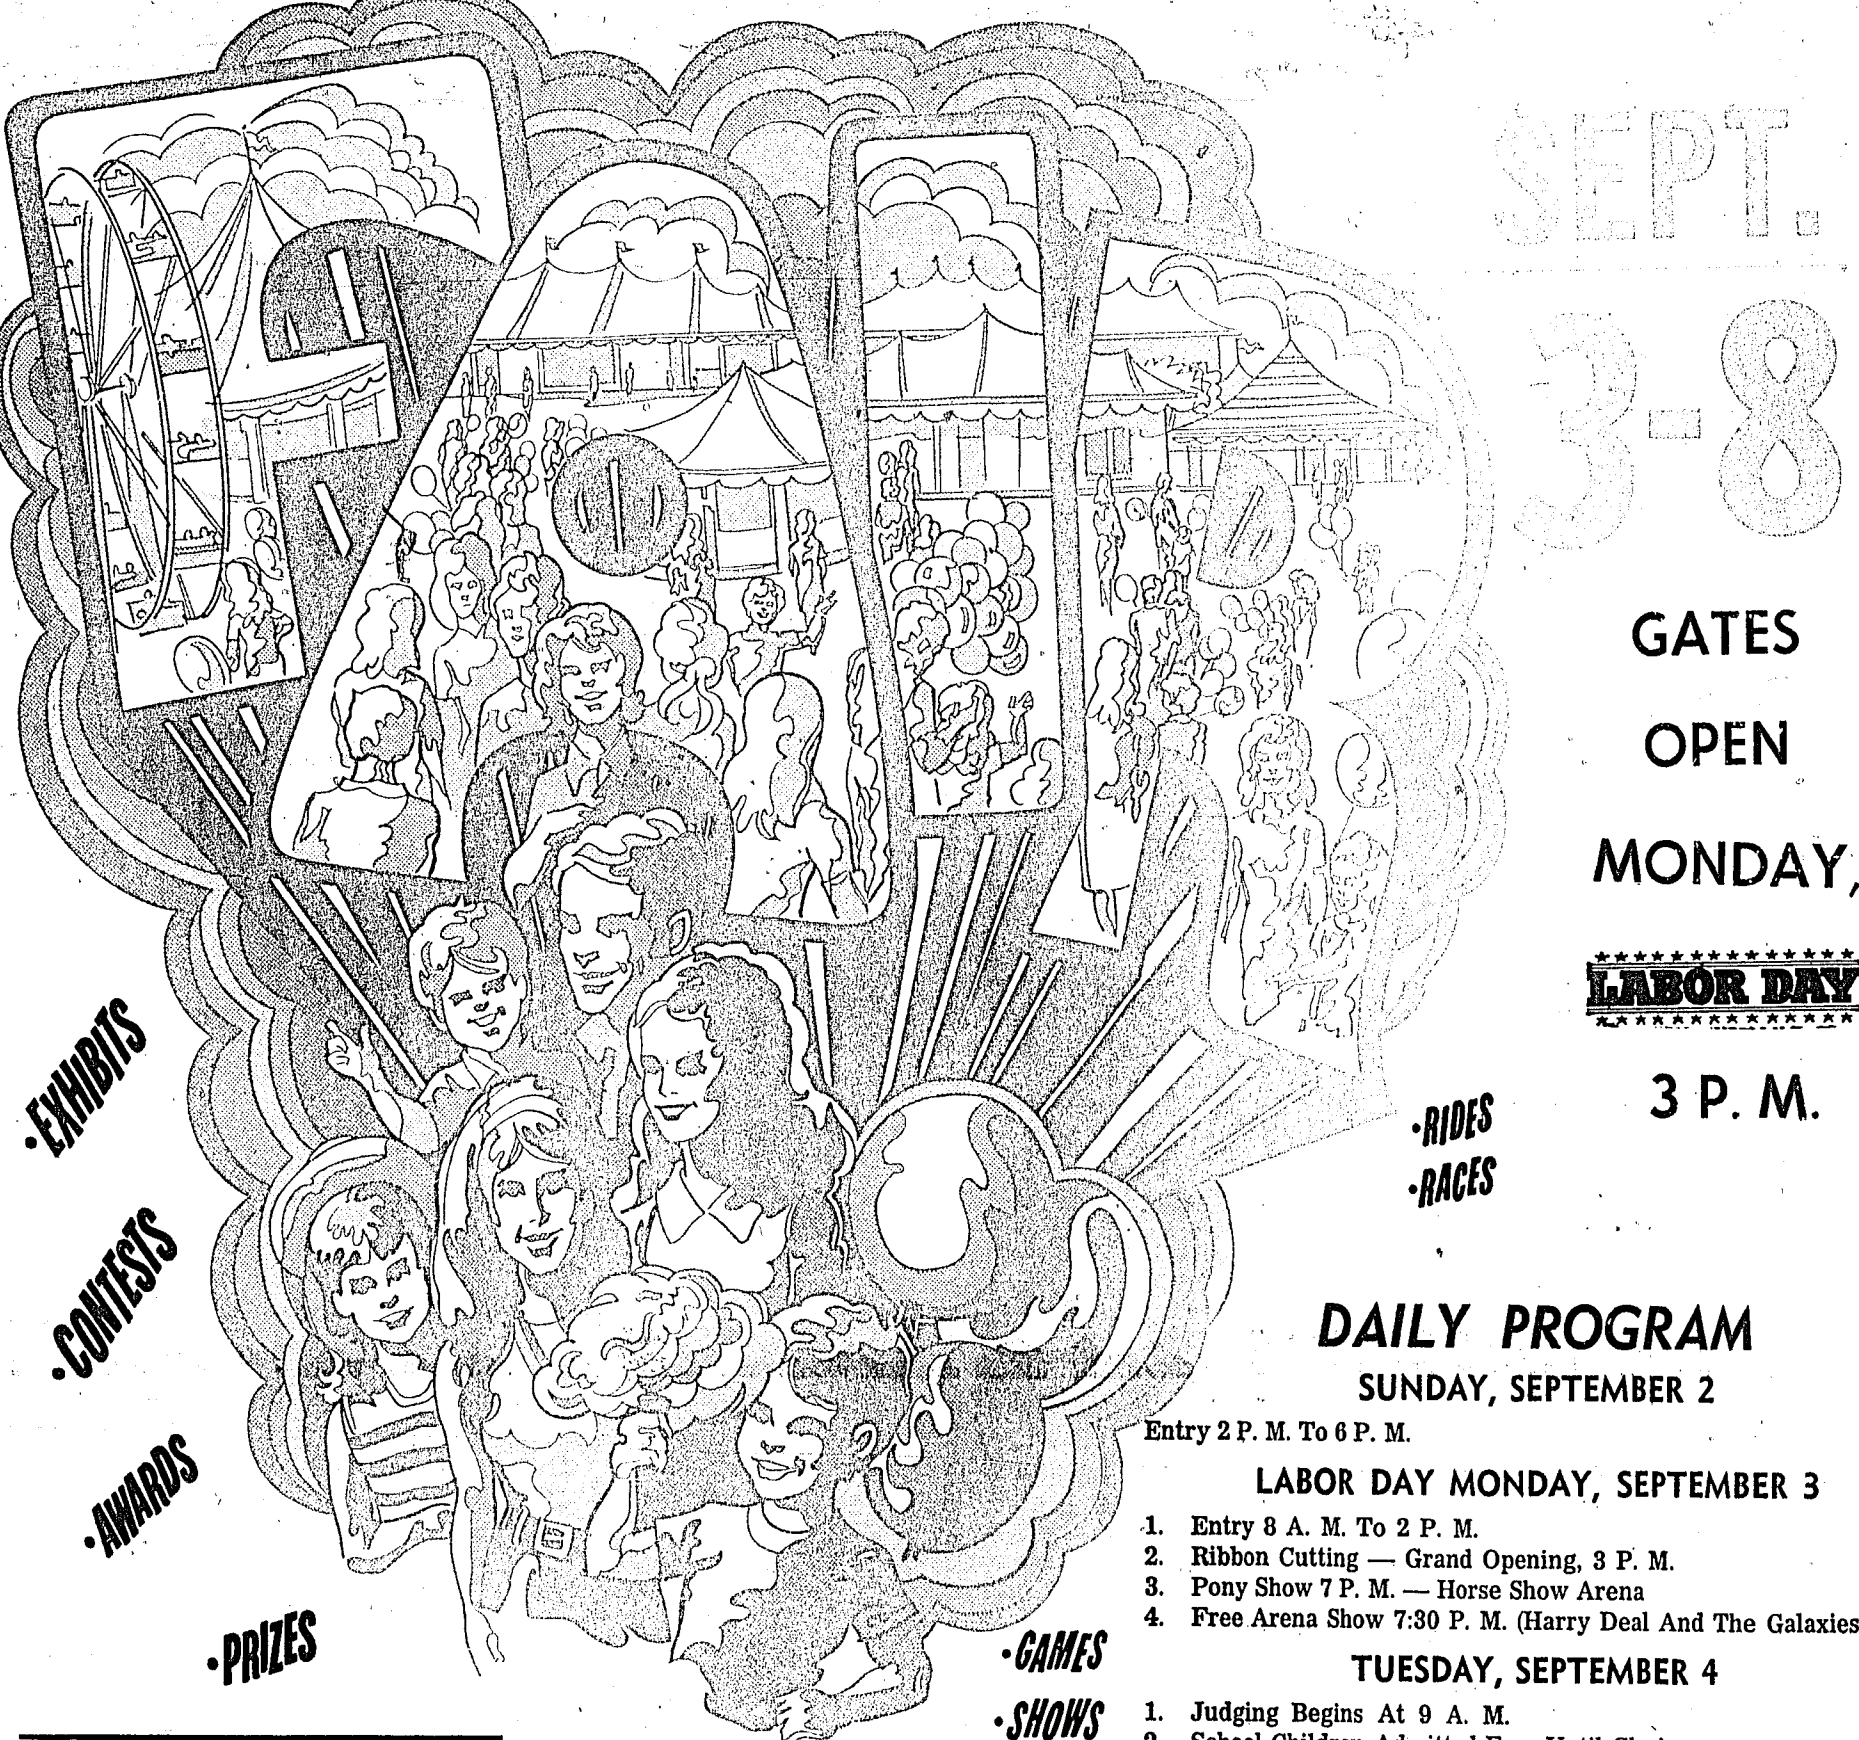

As many gathered at My feet, I also caused the lame to speak. One no longer had reason for alarm. For I reached out and healed his withered arm. Another had no reason for and more fear. For I had just opened his deaf ear.

His voice then gently spoke to say, Do not be weary or heart dismay. These things I to you recall, To let you know I am Master of all. You need not worry never.

For I am the same, yesterday, today, and forever. Whatever you need is today, ask the Master. He loves you so much. Praise the Lamb of God for evermore!—Amen.

Questions and Answers

Q. My husband was severely injured two months ago and is still in the hospital. His doctor has told us he'll be unable to work for two years. Can I apply for disability benefits for him?

A. Unless his injury affects his mental ability, he'll need to sign his application. However, with your help, we can complete the application form for his signature. Call us and we can probably take care of this over the phone.

Q. My father and my uncle filed their retirement claims about the same time. My uncle's Social Security checks have already started, but my father hasn't heard from his. Why is there a difference in how long it takes?

A. Your uncle probably had all the necessary proofs when he filed. Claims are processed faster and checks started sooner if proof is on hand. Social Security checks are furnished when the claim is filed. Form W-2 or tax return is proof of last year's earnings. A birth of baptismal certificate recorded before age

five is the best age proof. Q. My daughter is 15 and has never had a Social Security card. Will her application for a Social Security card go to Baltimore just like all others?

A. Yes. All original Social Security cards are issued by our Baltimore office. Even though an applicant is pretty sure she's never been issued a Social Security number, our Baltimore records are checked to be sure. It is essential that a person have only one Social Security number. Duplicate cards can be issued but always with the same number.

Q. My widowed, 69-year-old mother has just taken a part-time job working in a cafeteria kitchen, but she only gets called to work when one of the regular employees is absent. She seldom earns more than \$75.00 a month. Since her only other income is a small Social Security check, can she get any additional help even though she's working?

A. Starting in January 1974, your mother may be eligible for Federal Supplemental Security income payments even though she's working. The first \$20 of her monthly Social Security payment, for example, would not count as income. In addition, the first \$65 of her monthly earnings would not be counted. One-half of the rest of your mother's monthly earnings—if she earned more than \$65—would count against the Federal payments. Your mother should contact your Social Security office for more information about Supplemental Security income payments.

CHRIST IS THE ANSWER

"Again, the Kingdom of Heaven is like unto treasure hid in a field; the which when a man hath found he hideth, and for joy thereof, goeth and selleth all that he hath, and buyeth that field."—Matt. 13:44.

Here, the Redeemer is illustrating the nature of His Kingdom, and the blessings of His Gospel, by a great variety of beautiful and interesting metaphors; and these metaphors are as simple and familiar as they are beautiful and interesting. It is divine and heavenly. Not a gross metal dug out of the earth; this is light from above, wisdom from above. A river that flows from the midst of the throne of God and the Lamb. Being heavenly, moth and rust do not corrupt it, nor can thieves break through and steal it.

How sweet the name of Jesus sounds
In a believer's ear;
It soothes his sorrows, heals his wounds,
And drives away his fear.
