Worst Of Rising Food Prices Said To Be Over

A Cost of Living Council official and an economist both believe beef prices will not surge upward when the freeze ends next month.

Henry Perritt, executive secretary of the council, said Tuesday that since beef producers are now withholding meat, the market may be flooded in September, keeping the price down. The worst of rising food prices is over and shoppers can look forward to a leveling off, Perritt predicted.

Dr. James O. Bray, an economist for the Stanford Research Institute, also predicted the cattle available would increase. At the same time, he said, prices for other items would start rising, giving consumers less money to spend.

To qualify, freshmen must post a grade average of 3.3 or better out of an all-A average of 4.0 in a minimum of 12 hours of college work; upperclassmen, 3.5 or better in 12 hours.

The 4,919, along with those who make the dean's list of the first semester of the coming school year, will be honored next April 17 at the University's traditional "Founders' Day" ceremony.

Among her orientation activities were the President's Reception honoring new students, given by Peace President Dr. S. David Frazier and Mrs. Frazier; the academic convocation with North Carolina Attorney General Robert Morgan as guest speaker; and a "Big Sister-Little Sister" cookout.
