Rep. Martin In Turkey For Talks

Ninth District Congressman James Martin is in Ankara, Turkey this week attending the North Atlantic Assembly Conference with eight other members of the U. S. House of Representatives.

Martin, a freshman Republican legislator, was named as a member of the delegation by House Speaker Carl Albert. The conference began October 19, and it will continue through October 27. "I am honored by being selected as a member of the distinguished American delegation to the Ankara Conference," Martin said. "It is a particular honor to have been personally requested to go, even at short notice, by Minority Leader and Vice President Deshaezel R. Ford."

The North Atlantic Assembly, composed of the governments forming the North Atlantic Treaty Organization, is actively engaged in international cooperation on the political, economic, and environmental fronts. Officials of NATO countries are discussing progress they are attempting to make in dealing with their environmental problems. They also are conferring on mutual energy needs, since all NATO members are energy importers.

Boy Scout Program Discussed

"Development of the boy's heart is the most important thing in the Boy Scout program," according to Joe Irvin, scout executive for the Gaston County District, which includes Irwin County and that part of Alexander County in the Stone Mountain area.

Irvin expressed the opinion that he was "not concerned about the youth of today as some people are because I know from 26 years of experience that we now have some of the best youngsters we have ever had."

He said people should do things for youth instead of standing back and making comments. There are not enough adults to assist in the scouting program to serve all the boys who want to become scouts, he continued.

"What is really done in scouting is that we do our best to surround our youngsters with the very best adult supervisors possible," the scout executive stressed. "Teaching is done more by example than any other way," he continued.

"Youngsters today need more of a firm foundation than ever before," Irvin stated, observing that "they have to say no to many more things today than they did in years past." Irvin stressed the fact that scouting gives the boy a set of ideals to go by—the Scout Oath. He explained the oath and how it relates to the scout and that the scout's primary responsibility is to his God.

Thoughts

From The Living Bible
"The Festival of Tabernacles: Five days later, on the last day of September, is the Festival of Shelters to be celebrated before the Lord for seven days. On the first day there will be a sacred assembly of all the people; don't do any hard work that day. On each of the seven days of the festival you are to sacrifice an offering by fire to the Lord. The eighth day requires another sacred convocation of all the people, at which time there will again be an offering by fire to the Lord. It is a joyous celebration and no heavy work is permitted."

Police Catch 2 'Fugitives'

Police in Las Vegas said a timid-sounding woman phoned to report a goat leading a hippopotamus down a desert highway.

The goat and its 4,000-pound hippo follower had gotten loose from Tule Springs Park north of the city and were walking into the desert along Tonopah Highway.

Policemen enticed the goat back to its pen at the park, and the hippo meekly followed.
