**STEEL BELTED RADIAL the 40,000 MILE TIRE**

**GOODYEAR**

**Custom Steelguard Radial with 5 GUARDS TO HELP PROTECT YOU 5 WAYS**

- 1 Guard against rough ride — a strong polyester cord body.
- 2 Guard against penetration under the tread — double steel belts.
- 3 Guard against wet slides — a strong channel water from under the tread.
- 4 Guard against loss of road contact — special decoupling grooves allowing tread and sipes to work independently of each other.
- 5 Guard against sluggish handling — special decoupling grooves allowing lower sidewalls to provide positive reaction to changes of direction.
