

Troutman First Methodists Schedule Revival Services

Annual homecoming is scheduled at First United Methodist Church, Troutman, Sunday, September 23. A former pastor of the church, from June 1957-June 1961, the Rev. Robert M. Hardee, will be the guest speaker.

REV. ROBERT M. HARDEE
Guest Speaker

Barnhardt Completes AF Basic

Airman Aaron E. Barnhardt, son of Mr. and Mrs. Eugene C. Barnhardt of Mooresville, has been assigned to Chanute Air Force Base, Ill., to complete Air Force basic training.

Lees-McRae Position For Colquitt

L. B. Colquitt, Jr., former administrative secretary of Concord Presbytery, with headquarters in Statesville, has been named director of field service for Lees-McRae College in Banner Elk.

Colquitt's duties will include the telling of the Lees-McRae College story throughout the Presbyterian Synod of North Carolina.

Announcement of Colquitt's appointment was made by H. C. Evans, Jr., president of the Presbyterian church-related journal, college, which is located in the mountains of North Carolina.

A native of Geneva, Ga., Colquitt was educated in the school systems of Columbus Ga., and attended Davidson College and Columbia Theological Seminary.

He served pastorates in Georgia and Mississippi from 1936 until 1954 when he assumed the duties of executive secretary of the Presbyteries in Southwest Georgia. He served as administrative secretary of the Concord Presbytery for 19 years before retirement.

He is married to the former Minnie Miller and they have two sons, Lynn Douglas and James Brooks.

"Bald--Give Me A Little Time"

Edward A. Curlee, Jr. is the four months old son of Mr. and Mrs. Edward A. Curlee of Mooresville, Route 1. Maternal grandparents are Mr. and Mrs. W. A. Stephens of Mooresville, Route 2 and paternal grandparents are Mr. and Mrs. R. L. Curlee of Salisbury.

Are You An Old-Timer? Here's How To Tell

You may not be quite ready to answer that roll call up yonder yet, but there's no hiding the fact that you're an old-timer if you still keep in your clothes a close old outer coat or sport jacket you wore before Pearl Harbor.

Common sense is the virtue you value most highly because you see it so seldom in people. Cocktail parties make you sleepy, and you no longer go up and talk to strange blondes at them.

As a matter of fact, you rarely speak to any woman at all, including your wife, unless she speaks to you first.

You've quit taking exercises to pep you up because they tire you out.

The barber hasn't tried to sell you a bottle of hair lotion for 10 years.

You'd rather take a quiet walk in a country cemetery and look for unusual epitaphs on tombstones than go to an expensive night club and gawk at the celebrities.

There are now more things in your life that make you yawn than makes you laugh.

It amuses you to see a small child pick his nose, and it doesn't occur to you at all to tell the kid to stop it.

Davidson College Okays Plans For 5 New Dorms

In order to relieve the worsening housing situation on the campus, Davidson College has formulated and approved plans for the construction of five new living units to be ready by the fall of 1975.

Dean of Students Will Terry, who is also the chairman of the Committee on Future Campus Housing, confirmed the fact that the units would be built on a tract of land located to the northwest of Patterson Court, a site previously chosen by the committee.

Although only a rough estimate of the total cost, 1.6 to 1.8 million dollars is the figure which Terry considers necessary to complete the new housing.

"We have had three meetings with the architect and he is now in the process of determining the cost to see whether or not we can afford the housing," said Terry.

Since the buildings will provide no revenue for the college, "they will have to be self-liquidating through fees," he said. "One of our problems will be seeing what we can justifiably charge the students who will live there, while trying to keep these buildings from being for the rich."

In answer to the question of where the money to fund the project would come from, Terry said that it was "my understanding that the college would have to borrow it from someplace."

College Business Manager Robert A. Currie indicated that "once an estimate is made, Dr. [Terry] will have to go to the board."

The visiting minister will be the Rev. Parker of Troutman Baptist Church.

The services will begin each evening at 7:00 p.m. with special singing.

The pastor, Rev. T. W. Norris and the congregation of the church, which is located on the Brawley School Road, extends a cordial invitation to the public to attend the services.

Spencer and Mr. Cornell would determine if campaign funds could be used.

Currie also indicated that an underwriter firm, J. Lee Peeler of Durham, was helping the college on the financial aspects of the housing project.

On the physical side of the construction, Grover Mettee, director of the physical plant, doesn't foresee any problems.

"The only thing we'd have to do would be to put in a new lift station for the sewage down on Patterson Court," Mettee indicated, "but we would have had to put one in anyway as that area down there develops."

As to the units themselves, each would be able to hold approximately 50 upperclassmen, or about 250 students in all.

The architect selected for the job is Paul Rudolph of New York, whose architectural accomplishments include Wellesley College's Fine Arts Building, the Arts and Architecture Building at Yale, and office buildings across the country.

His plans were selected by the committee from over 25 applicants. When asked why he decided to do the project Rudolph replied that he "liked all sorts of building problems."

The floor plan, according to Rudolph, calls for "a series of apartments, actually a series of living clusters, with kitchenettes, designed for casual living."

The plans are really exciting," commented Terry. "They show some real appreciation for what the students need."

When asked last Tuesday if he had established any cost estimate for the buildings, Rudolph stated that "I haven't established any fixed amount as yet."

The inspiration for the design of the buildings, according to Terry, was the architecture of Phi and Eu Halls on the Davidson campus.

When asked last Tuesday if he had established any cost estimate for the buildings, Rudolph stated that "I haven't established any fixed amount as yet."

These new living units should immediately ease the housing shortage on campus with the availability of off-campus housing diminishing as well.

Indeed, the unit should be completed before the construction of apartment buildings on a nearby tract of land on Lake Norman, a project which was hopefully going to relieve the critical housing shortage of not only the college, but of the nearby area as well.

FAT OVERWEIGHT
Orinex can help you become the slim trim person you want to be. Orinex is a tiny tablet and easily swallowed. Contains no dangerous drugs. No starving. No special exercises. Get rid of excess fat and live longer. Orinex has been used successfully by thousands all over the country for 14 years. Orinex Plan is available in regular and large economy size. You must lose up to 100 lbs. or more. No refund. No questions asked. Sold with this guarantee by EVERY DAY IS SAVING DAY. ON EVERYTHING AT REVCO.

Annual Tour Of Homes Planned For Weekend

Persons interested in building or purchasing new homes will have the opportunity to see what's new in the home-building field during the third annual Parade of Homes, being sponsored by the Home Builders Association of Mooresville and Statesville.

Ten new homes will be open to public inspection during the coming weekend, September 22-23, according to Johnny Hope, chairman of the project and Jim Martin, committee member.

The tours will begin at 2 p.m. and end at 6 p.m. The first home will be one constructed by R.E. (Gene) Foy Building Co. and located in the Northmont Section off old NC 114 north.

The last home will be one constructed by Hope Brothers Builders, Inc., and located in Fremont Park at Mt. Mourne.

Other homes which will be on display are: Icenhour Building Company, Inc., home in Meadow View off US 21 north; Hope Brothers Building Co., home in Ballwood subdivision off Bell Road; Hope Crider Building Co., home located in Homestead Estates off Shiloh Church Road; Paul L. Munday Building Co., home located off Perth Church Road, Troutman; Ben Daniels and Associates' home located in Spring Shore Development near East Monro; Long Huddlestone and Sons' contractor's home, located on Lake Norman; and Davis Builder's

William Larry Dickerson of Statesville joined the Iredell Sheriff's Department today (Thursday) as a deputy, according to Sheriff LeRoy Reavis.

Dickerson, son of Mr. and Mrs. Herman Dickerson of Statesville, is a native of Mecklenburg County. He attended Statesville Senior High School and graduated in 1969 from Hargrave Military Academy in Chatham, Va. He has been associated with WSIC, a Statesville radio station, since 1970, serving as news director and as an announcer.

He is a member of the Statesville Junior Chamber of Commerce and has been active in many community affairs.

He plans to continue studying electronics and plans to continue his education for a degree in police science.

Dickerson is married to the former Deborah Reavis of the Olin community, and the couple has one daughter, Stephanie.

Can Your Budget Stand A 26.5% Tax Increase?

If the Mt. Mourne School is merged with the Mooresville School System every taxpayer in the Mt. Mourne School District will pay, under the current rates, 26.5% more taxes. There are many elderly people living on small Social Security income and cannot afford additional tax burdens.

Vote NO Oct. 2

TAXES TAXES TAXES

We Have Seen Repeatedly The Explanation As To How The Mooresville Supplementary School Tax Works, \$10,000 Taxable Property, \$26 Tax. Why Not Use A More Realistic Figure Of \$50,000 Which Is \$130.00. Doesn't Look Good Does It? Remember This Tax Is 26.5% More And In Addition To Your County Tax You Are Now Paying.

Save Our School!

If The Mt. Mourne School is merged with the Mooresville Schools, the administration of our school will go to Mooresville. The physical properties of the Mt. Mourne School, land, buildings, etc. will be transferred by deed from the Iredell County School Board to the Mooresville Schools. It is obvious in this case we have lost our school and what do we get in return? A Mooresville Supplementary School Tax of 26¢ per \$100 Valuation. VOTE NO.

Lets Keep Our Schools In The County System!

VALUE OF REAL ESTATE

It has been publicized, real estate annexed into the Mooresville School District becomes more valuable by 10% to 20%. What hasn't been pointed out is all the hundreds of acres: farms, pastures, wooded land, and undesirable land that will carry the same supplementary tax at the same rate as the more desirable land and building lots. Suppose your land did become more valuable, the supplementary tax in a few short years would off-set any increased values and the burden of THE TAX WOULD BE WITH YOU AS LONG AS YOU OWN THE PROPERTY.

1974 Chevrolet A better-than-ever way.

When the wheel belongs to you, the road goes anywhere you say. And it's so much better with a '74 Chevrolet.

Caprice Classic. Introducing an elegant motor car, just asking to be enjoyed. Out-side: an imposing new grille, and on the Coupe, a distinctive new roof line. Inside: peace, quiet and convenience. With standard power steering to do most of the turning, standard power front disc brakes to do most of the stopping, and a standard Turbo Thru-Axle transmission to do the shifting. If you want the luxury and comfort of a car that leaves little else for you to do but enjoy the ride, you don't have to look beyond the '74 Caprice Classic. However, the freedom of the open road begins with the freedom of choice:

Vega GT. This year's version of last year's Motor Trend Economy Car of the Year. (And Car and Driver Readers' Choice as Best Economy Sedan for the last three years.) With a reshaped nose, bigger bumpers, stiffer carpeting, new stripes and new colors. Plus more good things to make it better. See what it's like to drive a winner.

Malibu Classic. A luxury Chevelle, new this year. With full foam seats. A fold-down front armrest. Wood-grained vinyl accents. Elegant inner door panels. Extremely tasteful upholstery and cut-pile nylon carpeting. That's just inside. The exterior is just as classic, in character and in detail, as the interior. Yet, it remains mid-size. And, it remains all Chevelle. With Chevelle handling and at a Chevelle price. Now that you've looked, come and see the new Malibu Classic—and all the 1974 Chevrolets. The ones shown here, plus Impala, Monte Carlo, Nova, Corvette, pickups, vans and all our new cars and trucks.
