Terminators, Civitans Win

Two Mooresville teams continued modest winning streaks as a result of action in the Southland Football League Saturday.

The Pee Wee division Trazer Terminators and Midget level Mooresville Civitans each copped their second straight league wins as area teams split their four games on the Lincolnton High School field.

The Terminators registered a 20-12 conquest over the High Shoals Raiders, while the Civitans also topped the elder Raiders, 26-14.

In the other games involving Mooresville teams, the Midget Black Knights succumbed in a defensive battle, 8-0, to the West Lincoln Rebels, while the Pee Wee Mavericks suffered a 14-0 loss to those younger Rebels.

It marked the second straight week that Mooresville, a first-year member of the youth football league, emerged with a pair of wins after opening the season with four losses on both of the first two Saturdays of play.

"The biggest thing here," addressed Bob Ramsey, Mooresville's youth football board commissioner, upon reporting last weekend's games, "is that all of the teams are getting better. That's the main thing."

In the case of the Terminators, Joshua Hopkinson scored three touchdowns and accounted for a conversion run as he scored all of the team's winning number of points. Other key contributors to the offense were Monty Knox, Patrick McLaughlin, and Roderic Campbell. The team's defensive effort was charged by Brandon Weatherford and Sauarn Howell.

The Civitans were paced to their second straight win by the running of Daron Patterson, who scored two touchdowns, and Ryan Whittington and Joe Wilson, who tallied one six-pointer apiece. Scott Hager accounted for a two-point conversion run. On defense, head coach Tommy Messick singled out the play of Shon Vanderbury.

Despite suffering the 8-0 loss, the Black Knights received some key offensive production from Damon McKee, Vince Yavrunek, and Chad Greene, while defensive standouts included Charron Walker, Billy Fathera, Charley Dymond, Duke Ballard, and Eugene Clark.

For the Mavericks, Laron Shipp and Travers Sloan pitched in defensively.

All four teams are slated to resume league play this weekend, doing so by returning to the Lincolnton High School field.

The Mavericks will kick off local play against Sherrills Ford at 11:30 a.m.

The Black Knights will follow by also facing the Redskins, doing so at 12:45 that afternoon.

The Trazer Terminators will follow by suiting up against the East Lincoln Mustangs at 2.

The Civitans will then wrap up local play by facing the Mustangs at 3:15.

Players between eight and nine years of age make up the Pee Wee division teams, while those between 10 and 12 years old constitute Midget level entries.

Mooresville is the only member of the league fielding two teams in each division, and those clubs will square off against one another when league action returns to the Mooresville Stadium for a second time this season Oct. 24, the final day of the regular season.

Steering Committee To Drive Efforts Of New Teen Club

Few of us recall the days of Mooresville's old Teenage Club, whose constitutional bylaws were adopted more than a generation ago in 1952. But the general purpose of that former club, with the passage of time duely noted, was reborn last week during an organizational meeting designed to help form a modern-day version. A more-than-anticipated number of interested teens and adults alike attended the Wednesday night War Memorial Building gathering, and from it was born this seven-member steering committee. Chaired by Sandy Church, seated at far right and the superintendent of Mooresville recreation, committee members include, seated from left, Dalana Brown, Martha Berdine, and Richard Carver. Standing, from left: Katie Cook, Mark Cook, and Chauncy Byers. The committee has scheduled a meeting tonight, when it will take at look at the bylaws of that earlier Teen Club and make the necessary adjustments to meet the updated demand. The main purpose of the club is still to provide an outlet for entertainment catered specifically for teenagers.

Vikings, Raiders, Greyhounds Win

For the second straight week, there was a handsome reward for being an Iredell County member of the Foothills Athletic Conference.

It came in the form of a victory, as all three winners of last Friday's in-conference battles reside within the Iredell County boundary.

It marked the second straight week that all FAC winners harbored such close ties to Iredell, and county teams now have an overall 6-1 record in games against league opponents.

Last week's victors were the same as the week before, with South Iredell, North Iredell, and Statesville all securing their second straight conference decisions to take equal shares of the league's first-place honors into this week's activity.

West Iredell, idle the week before, became the county's first league casualty, joining North Surry and Forbush in suffering losses Friday.

Wilkes Central was the FAC's odd-team-out, as the Eagles observed their open date.

This week, three more Iredell County clubs are slate for duty, as South Iredell treks down Old Mountain Road to visit West Iredell, Statesville plays at Forbush, and Wilkes Central resumes play by calling on North Surry.

North Iredell takes this week off.

South Iredell turned in its second straight offensive explosion to capture as many league consecutive wins, as the Vikings unloaded for more points than any other FAC team this season with a 54-8 grounding of the visiting Forbush Falcons. The Vikes, predicted to be in contention for the league crown, improved to 4-1 overall, and 2-0 in the league, while Forbush stumbled to just the opposite, at 1-4 and 0-2, respectively.

North Iredell kept pace with its southern neigbors by ringing in a 28-6 decision over visiting North Surry, a triumph that successfully celebrated Homecoming on the part of the Raiders. North became the league's winningest team, shooting to a surprising 6-0 overall while maintaining its share of first at 2-0 in the FAC. North Surry suffered its second straight loss to an Iredell County team and slipped to 2-4 overall and 0-2 in league play.

Statesville made it a three-way clog in the league's standings as the Greyhounds clubbed West Iredel, 19-7, for their third straight win after an 0-3 start. Statesville, which never trailed, evens its overall record at 3-3 with the win, and moves to 2-0 in the circuit, while West Iredell, last year's titleist, dipped to 1-4 and 0-1, respectively.

Through two weeks of FAC play, so far it's been a matter of the haves and have-nots, with teams being shutout either in wins or losses.

That trend, though, is sure to change this week when one of the league's three games finds Wilkes Central, at 4-1 overall but at 0-1 in the league plays at North Surry, also winless in league play.

While teams are preparing their respective acts for this week's confrontations, attention leaguewide is turning towards what will take place the following Friday, when North Iredell and Statesville square off in a game that, barring upsets this week, will put one of them out of first place.

All of this week's varsity action features 8 p.m. starting times.

THIS WEEK'S FAC GAMES
South Iredell at West Iredell
Statesville at Forbush
Wilkes Central at North Surry
North Iredell Open

Stretch Run Begins For Open Title

With pro baseball entering the do-or-die stage of its season, it seems only fitting that Mooresville's only diamond-centered league is also facing its most crucial time of year.

In what can be considered the stretch run portion of the Men's Open Softball League, no fewer than three teams still have a legitimate shot at finishing as the regular-season's pennant winner.

Heading into this the final week of regular-season play, Reddens Chiropractic Center, a winner of one of its two games last week, continues to head the class, doing so with the most wins, at 19, of any other league entry. Reddens takes a 10-2 record into this week's play.

A couple of teams rest right on the heels of the league leaders, as both Kenny's Boat Landing and Wades Kooker Sales have notched nine wins each. Kenny's has the inside track heading into the week, taking a 9-2 record into play, while Wades harbors a 9-3 showing.

Two more teams still have a long shot at attaining the title, with both Custom Products and The Corner Store flying 8-4 flags.

The rest of the league, though, can now entertain thoughts of only peaking in postseason play, as they play out this week in order to obtain seeds for next week's tournament.

Ritchies Foam and F&B Well Drilling are both stuck at the 7-4 level, just ahead of The Rowdies, who at 6-6 round out the list of league members playing at or above the .500 level.

Heading up the league's second division of teams is Laney's Fish Camp, doing so at 5-6, followed by Ben Ryan Corp., at 5-7, Brinton's Surgical Center at 4-8, Special Wood Products at 3-9, and Fleetwood Homes at 1-10.

With teams and players entering the most important stage of play, league members responded last week by cracking out six home runs, all of them coming as inside the park jobs.

Those credited with a round-tripper apiece included Wades' Todd and Baxter Burris, F&B's Coleman Henderson, Ritchie's Donald and Johnfor Torrence, and Brinton's Steve Freeman.

Men's Open Softball League action is conducted through the Mooresville Recreation Department.

Games are staged on Monday through Thursday nights, with all the action taking place on the Moor Park diamond.

Following this week's play, the seeds will be determined and a double-elimination tournament will take place to wrap up the lengthy fall softball circuit.

SISA Teams Perfect In Six Tries

The South Iredell Soccer Association reached perfection over the weekend, notching victories in all six matches in which results were reported.

The SISA, a recreational-level of play organized within the Iredell County Recreation Department, captured three wins at the Division I level and one each at Divisions II, III, and IV.

In Division I, the Brawley Express mosed past West Iredell, 4-0, as Zac Rhoton scored two goals and teammates Grant Deaton and Scott Brotherton added one net-finding kick apiece.

The Division I Cyclones blew past the East Strikers, 3-1, as Wesley Harrington booted home a pair of winners, and Christopher Hasley added the third. Sam Hyatt was cited for his defensive play.

The Division I Broncos also turned back Celeste B.

The Division II Chargers breezed past East, 2-0, as Emily Cohen and Scott LaTourneau booted one goal each. LaTourneau also pocketed a save on East's lone shot at goal.

The Division III Rowdies bettered Statesville YMCA, 2-0, as Josh Bumgarner tallied both of the match's scores.

In Division IV, the Brawley Blast edged Central, 2-0, behind one goal each from Donovan Brown and Bradley Woolledge.

Matches for the SISA, featuring teams home-based at Brawley Middle School, take place on Saturdays, with the local group's home bouts unfolding on the Brawley field.

Weekend Event Focuses On Scouting's Future

Boy Scouts are as trustworthy, courteous and kind as ever.

They are also computer literate, career-directed and earn merit badges in such high-tech subjects as space exploration, aeronautics and atomic energy.

"Advancing To The Future" is the theme of Scout World '87, a three-day event designed to showcase the many aspects of scouting today.

Hosted by the 11-county Piedmont Council, Scout World '87 will be held at the Hickory American Legion Fairgrounds Oct. 9 through 11.

The public is invited to attend Oct. 10.

The Piedmont Council of Boy Scouts serves the counties of Iredell, Alexander, Burke, Catawba, Caldwell, Cleveland, Gaston, Lincoln, McDowell, Polk and Rutherford.

"Scouts today are facing challenges, tapping resources and developing skills no one dreamed of when the organization was founded in 1910," according to David Larkin, Piedmont Scout Council executive.

"These are exciting times for us. At Scout World, we hope to pass that enthusiasm along to others."

The Hickory Fairgrounds will be transformed for the weekend as more than 5,000 Boy Scouts, Cub Scouts and Explorers set up camp and raise their colorful troop flags. Visitors will be able to visit camp sites and view displays on scouting history, merit badges, pioneering projects and an Indian village.

At the Mountain Man exhibit, visitors will get to taste some wild foods, throw a tomahawk and try their skill at starting a fire with flint and steel.

Hot air balloons, parachutists and Army helicopters will fill the fairground sky, while Indianapolis stock cars rev their motors below.

Special events for Cub Scouts include an obstacle course, pinewood derby and bicycle rodeo.

A spectacular closing Arena Show will culminate Scout World '87. The show will feature professional and amateur entertainment, an appearance of Miss North Carolina and folk music by the Maggie's Fancy band. A dazzling fireworks display, produced by the Zambelli Brothers, will close the weekend events.

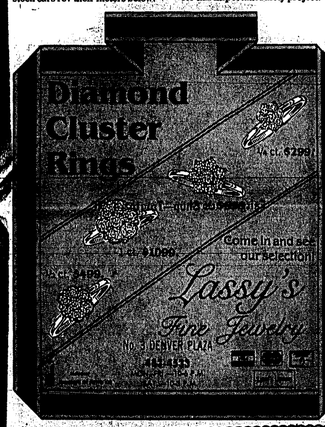
The public is invited to join Piedmont Council Scouts for Scout World '87 from 8 a.m. until 11 p.m. Oct. 10. There is no admission charge.

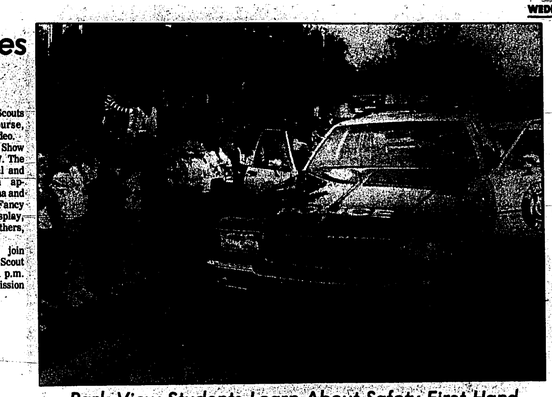
Vehicle Inspection Scheduled

Comprehensive vehicle inspections will be performed on trucks entering the northbound and southbound weigh stations on I-77 near Mount Airy on Oct. 8 from 9 a.m. until 3 p.m.

This will be a joint effort by the North Carolina, Virginia and West Virginia Trucking Associations' Safety, Security and Personnel Councils, in cooperation with the North Carolina Division of Motor Vehicles, State Highway Patrol, and the United States DOT Bureau of Motor Carrier Safety.

Checks for all types of vehicle and driver safety violations will be made, including brakes, tires, lugs, air hoses, air leaks, etc., according to project chairman Levi Jenkins of Carolina Freight Carriers Corporation, Rocky Mount. More than 30 safety personnel from the three states will man the weigh stations for this important safety project.





Park View Students Learn About Safety First-Hand

Three classes of kindergarten students at Park View Elementary School got a first-hand lesson in safety last week from the Mooresville Police Department. Officer G.L. Gibson visited the students in classes taught by Mrs. Della Kinney, Mrs. Gaynelle Keeling and Mrs. Carolyn Cook, and, after giving them a presentation concerning safety procedures and precautions, led a curb-side tour of a police car and its accompanying equipment. Gibson talked to the students about the steps to take to cross a street safely and how to notify adults or the authorities in an emergency situation. He also talked about other safety measures children should know about. The visit concluded with an up-close tour of the police car and, of course, a brief demonstration of the car's sirens.

Statewide Support For CROP Walks

Gov. James B. Martin has proclaimed October as "Hunger-Fighting Month" in the Tar Heel State to support 65 annual community-wide CROP Hunger Walks during this month.

"More than one out of every four people living on Earth live in absolute poverty and suffer from chronic malnutrition," Martin noted. He added: "Somewhere around the globe, one person dies every two seconds from hunger related causes.

"There is hope for those in need, however, through such organizations as Church World Service/CROP," Martin said. "For forty-one years this relief and self help development agency has aided the hungry here at home through locally designated CROP Walk funds.

"Church World Service/CROP has also helped global victims of hunger and injustice help themselves through food-for-work, refugee, and disaster relief; appropriate technology; seeds and tools; and integrated rural development," he added.

In his proclamation, Martin said "October 16th, World Food Day, will be a special opportunity for all North Carolinians to concentrate educational emphasis on the need for greater statewide understanding of the international causes of world hunger."

Church World Service is the relief and development agency of 30 Protestant denominations. Beside raising funds to fight local and world hunger, CWS offers global education workshops and promotes World Food Day through rent-free films and curriculum materials for public and private schools.

Linwood Club Yard Sale This Saturday

The annual Linwood Homemakers Association yard sale is set for this Saturday, October 10, at the Linwood Clubhouse, located next door to the South Iredell Fire Dept. on Linwood Road.

The sale will get underway at 8:00 a. m. and many excellent items have been collected for the event.

Proceeds realized from the annual yard sale will benefit the many worthwhile projects of the organization.

Florence Brawley is president of the club.

The patronage of the public will be greatly appreciated.

Doc Watson In Concert At Davidson

Flat-picking guitarist Doc Watson will perform his blend of music — a mixture of bluegrass, country and folk sometimes described as Americana — in concert Oct. 9 at Davidson College.

The performance begins at 8 p.m. in Love Auditorium and costs $10 for general admission, $4 for students and $5 for Davidson faculty and staff. The concert is a part of the Cultural Events Series and is sponsored by the College Union. For tickets and more information, call 892-2000, ext. 135, 2-5 p.m. weekdays.

Southern writer Frye Gaillard has called Doc Watson a "virtuoso guitar-picking native of Deep Gap, North Carolina." Though best known for his work on the guitar, Watson is equally expert on the five-string banjo, the harmonica, and the French harp — not to forget his ability as a singer. Classified among the best of bluegrass musicians, he performs once or twice yearly in the Charlotte area.

Watson is expected to perform at Davidson with guitarist Jack Lawrence of Mooresville and bassist T. Michael Coleman of Nashville, Tenn. Coleman is originally from Winston-Salem.

A documentary on Doc and his late son Merle Watson, directed by 1983 Davidson College graduate Joe Murphy, will be presented at 7:30 p.m. Thursday, Oct. 8, in the 900 room of the College Union. The film is free and open to the public, and Murphy will be in attendance to discuss the project.

Totenberg Talks In Charlotte

Nina Totenberg, legal affairs specialist with National Public Radio, will speak in Charlotte Oct. 15. Tickets to her 8 p.m. address are $1 each.

Totenberg's appearance was arranged by WFAE, the NPR affiliate at the University of North Carolina at Charlotte. She will speak at the Hilton at University Place on current issues pertaining the Constitution and the Supreme Court.

Totenberg's reports are heard regularly on NPR news programs carried by WFAE.

Information Sought About Home Break-In

The Mooresville Police Department and the Mooresville-South Iredell Crime Stoppers are looking for help in the search for the person or persons responsible for a recent break-in.

A house in the 700 block of Charlotte Street in Mooresville was the site of a break-in and theft in late September.

If you have any information that would help law enforcement agencies locate the person or persons responsible for this crime, you are urged to contact crime stoppers as soon as possible at 663-7066. Crime stoppers will pay a cash reward of up to $1,000 for vital information.

According to police reports, the house was entered sometime between 2 p.m. Sept. 27 and 1:15 p.m. Sept. 28. Entry to the house was gained after a rear door at the residence was pried open.

Once inside the house, the thief or thieves removed several items. Among the stolen items were two antique wooden rocking chairs and a double bed frame with a solid wood head and foot board. The bed frame is light-colored wood and has large, rounded edges.

Police speculate that the persons responsible for the break-in used a large car or truck to haul away the stolen property.

If you have any information that would help law enforcement agencies find the person or persons responsible for this crime, you are urged to contact crime stoppers immediately at 663-7066.

Crime stoppers is a local volunteer agency that works by providing area residents with a direct line to area law enforcement agencies.
