Fun, Not Records, The Tastebud-Tempting Goal For Hungry Cub Scouts

Members of Mooresville Cub Scout Pack 166 found a unique way to enjoy themselves while treating their tastebuds. As a summer project, the scouts put together a 30-foot banana split and then teamed up to devour it. The king-sized treat, a combination of vanilla, chocolate and strawberry ice cream piled on top of banana slices and covered with chocolate sauce, whipped cream and cherries, was pieced together in a plastic-lined rain gutter. The conglomeration of sweets was far from a world record banana split (listed as 4.5 miles), but it was more than enough for the participating Cubs. McGuffey's of Mooresville provided the toppings for the Cub Scout Pack, which is sponsored by First Presbyterian Church in Mooresville.

Public Service Company of North Carolina, Inc.
NOTICE OF HEARING
Docket No. G-5, Sub 280
BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

Notice is hereby given that Public Service Company of North Carolina, Inc. (Public Service), 400 Cox Road, Gastonia, North Carolina, has made application to the North Carolina Utilities Commission for authority to adjust and increase its rates and charges for retail natural gas service to its customers in North Carolina. The Company states in its application that it is seeking a rate increase of $8,882,727. If new gas costs of $3,190,805 proposed by the Company are included, the potential rate increase is $12,073,532. The Company is also seeking Commission authority to roll-in to base rates $13,788,123 of gas costs which are currently being recovered through the Company's Rider D tariff. The Rider D tariff is a formula for recovering gas cost increases between rate cases. The following table lists the specific changes by rate class:
