

### Rotary Students Of The Month

Two Mooresville Senior High School students have been honored as "Junior Rotarians of the Month" by the Mooresville Rotary Club. Chris Safrit and Ashley Poore were presented to the club at a recent meeting by Conrad Tharpe, right, who oversees the Junior Rotarian program. Safrit is the son of Sandy and Jim Greene of 110 Kennerly Avenue. His school activities include football, band, the Fellowship of Christian Athletes and the Spanish and Key clubs. He plans to pursue a degree in architecture at the University of North Carolina at Charlotte. Poore, the daughter of Susan and Jeff Poore of 1028 Magnolia Street, plays on the varsity tennis team and is a member of the Drama Stage Company, student council, Fellowship of Christian Athletes and the Spanish and Monogram clubs. She plans to pursue a pharmacy degree at Campbell University.

### MOORESVILLE SCHOOL MENUS

These meals are planned at Mooresville schools during the week beginning Apr. 15. Salad bars are available in all schools, and milk is served with all meals. Ice cream, cake, cookies and other baked goods are offered for sale each day to all students.

Building activity authorized in North Carolina's largest towns and cities during January 1991 fell 26.1 percent from the activity recorded for January 1990, State

### Summer Wildlife Camp Set

Youngsters interested in exploring wildlife and other natural resources are invited to attend the ninth annual Fur, Fish 'N' Game Rendezvous.

The camp will be held July 14-19 at Millstone 4-H Camp near Elber. It will give 100 youngsters ages 11 through 15 a chance to explore natural resources by studying wildlife and forests as renewable resources, said Nelson McCaskill, extension 4-H agent.

"This once-in-a-lifetime opportunity will provide youths with an unusual and varied experience in many outdoor activities while adding to their knowledge and understanding of wildlife resources, environmental needs, good ethics and sportsmanship," McCaskill said. Participants will learn about wildlife photography, fishing and hunting techniques, swimming, canoeing, first-aid techniques, map and compass reading, reptiles and many other topics.

Only 100 boys and girls can attend, and youth who have attended the camp previously are not eligible to attend. The cost of the camp is \$120. The fee covers lodging, meals and other expenses. Fees and applications are due in the 4-H office by May 15. After that date, the camp fee will be \$135.

For information or applications, contact Nelson McCaskill at the Millstone 4-H office at 873-0607 or 663-1616.

Labor Commissioner John C. Brooks reported today.

Permits for 2,490 units were recorded in January 1991 compared to 3,369 units in January 1990. The January 1991 figure was 28.1 percent above the 1,944 units recorded in December 1990.

Estimated value of the January 1991 activity was \$151,622,250, 18.7 percent below the \$186,555,498 recorded in January 1990, but 7.5 percent above the \$141,017,335 recorded in December 1990.

Total residential units in January 1991, 1,614, fell 32.4 percent from 2,388 in January 1990, but rose 28.3 percent from 1,258 in December 1990. Value, \$56,089,869, decreased 27 percent from \$76,839,977 in January 1990, but rose 16.3 percent from \$48,226,856 in December 1990.

Single-family homes, 456 units, decreased 21.1 percent from 578 units in January 1990. Value, \$35,201,622, fell 23.3 percent from \$45,275,465 in January 1990. Units fell 0.9 percent from 460 in December 1990 and value fell 0.9 percent from \$35,506,968.

Multi-family units, 514, fell 56.1 percent from 1,171 in January 1990, but rose 96.9 percent from 281 in December 1990. Value, \$12,474,913 fell 40 percent from \$24,467,997 in January 1990, but rose 118.2 percent from \$5,717,382 in December 1990.

The average construction cost of a single-family home in January 1991, \$77,197, fell 1.4 percent from \$78,331 in January 1990, but was statistically unchanged from \$77,189 in December 1990.

Residential alteration and addition permits, 644, rose 0.8 percent from last year's 639 units and 18.9 percent from 537 in December 1990. Value, \$8,413,334, rose 18.8 percent from \$7,066,515 in January 1990 and 20.1 percent from \$7,002,566 in December 1990.

Total non-residential construction (including alterations and additions), 876 units, fell 10.7 percent from 981 in January 1990, but rose 27.7 percent from 688 in December 1990. Value, \$95,572,381, fell 12.9 percent from \$109,715,509 in January 1990, but rose three percent from \$92,700,479 in December 1990.

Non-residential permits for totally new construction, 341, fell 30.4 percent from 490 units in January 1990, but rose 5.6 percent from 323 units in December 1990. Value, \$44,350,332, decreased 44.9 percent from \$80,423,338 in January 1990 and 29.1 percent from \$62,593,301 in December 1990.

Non-residential additions and alterations, 535 units, rose nine percent from 491 units in January 1990 and 47.4 percent from 363 in December 1990. Value, \$51,222,049, rose 74.9 percent from \$29,292,171 in January 1990 and 69.6 percent from \$30,197,178 in December 1990.

Raleigh led all cities in value of construction permits during December with \$37,487,585 followed by Charlotte, \$33,745,021; Cary, \$18,852,419; Winston-Salem, \$11,939,568; Durham, \$7,210,690; and Greensboro, \$5,281,255.

# Welcome To The Stone Age.

Welcome to the newest state-of-the-art treatment for kidney stones. Now delivered closer to your home than ever before.

The Stone Institute of the Carolinas' new mobile lithotripter—the

most recent model—uses powerful sonic shock waves to break up kidney stones without having to

surgically remove them.

And it is done without general anesthesia.

Too, this new equipment can treat some stones not treatable by lithotripsy in the past.

The new lithotripter is part of a specially equipped mobile unit that will be at several area hospitals each week so that you don't have to travel to Charlotte for treatment.

The mobile unit travels with a technologist experienced in lithotripsy and if hospitalization is required for any reason, the full services of your hospital are immediately available.

So if you or someone you love suffers from painful kidney stones, find out about the latest technique for treatment.

If you have any questions about the procedure or if you want an appointment, please call one of the urologists listed below

or call us at the Stone Institute. And welcome to the new Stone Age.

## FOOD MART

### Tidbits on Food

#### Shoplifting

A sign in a London supermarket warns shoplifters: "God helps those who help themselves, but we prosecute."

Inflation and rising operating costs aren't the only factors in today's food prices. The additional cost incurred by the retailer ROBERT CASHION due to vandalism, shoplifting, pilfering and bad checks are eventually added to the price of every supermarket item.

Shopped items range in cost from relatively inexpensive items to an expensive shopping cart. Of increasing frequency is the exchanging of price tags, and even jar and bottle caps of similar products, in order to buy the desired product at a lower price.

A survey was conducted in the Washington, D.C. area. It revealed that the primary offenders were teen-agers ... 45%, adults ... 25%, college students ... 10%, and the remaining 20% were among professional shoplifters, retired persons and grade school children.

Consumers need to realize that any form of stealing from stores is a crime. Shoplifting losses are several billion a year nationally, so it falls beyond the category of "petty" larceny. Surprisingly, 99% of all shoplifters apprehended have enough money with them to pay for the merchandise stolen. Here at Cashion's all of our items are a steal everyday, and it's a crime not to buy them.
