

Christakos-Stowe couple are united in afternoon ceremony in Virginia

The Greek Orthodox Church of the Transfiguration in Charlottesville, Va., was the setting for the wedding of Deborah Stowe, daughter of Dr. and Mrs. Stephen P. Stowe of Mooresville, and Dr. Peter George Christakos, son of Brig. Gen. and Mrs. George Christakos of Bangor, Maine.

The 1:30 p.m. ceremony took place on Saturday April 21, 2001 with the Rev. Father Andrew George officiating. Wedding musician was Mike Danton, guitarist. A reception followed the ceremony in the historic Oakridge Estate.

Given in marriage by her father, the bride wore a formal white full-length linen dress with cathedral train. The bodice was fashioned with cap sleeves and sweetheart neckline, extensively trimmed with lace appliques. A pearl tiara held her elbow-length veil. She carried a bouquet of Sterling roses, lilacs, blue delphinium, rosemary and purple lisianthus to blend with the two floral arrangements gracing the altar.

Matrons of honor were Patricia Stowe Moore of Durham and Michelle Stowe of Mooresville, sisters of the bride.

Bridesmaids were Laurie Kieffer of Buffalo, N.Y., cousin of the bride, and Demitra Christakos of Boston, Mass., sister of the groom.

Flower girls were Megan and Sophia Ong of Mooresville, nieces of the bride. Ring bearer was Kyle Kieffer of Buffalo, N.Y.

The groom chose his

Dr. and Mrs. Peter George Christakos

father as best man. Ushers were Maj. Eric Burger of Ft. Knox, Ky.; Alan Moore of Durham, brother-in-law of the groom, and Dr. Peter Weimersheimer of Burlington, Vt.

The mother of the bride wore a navy blue jacket dress in tea length while the mother of the groom chose a periwinkle blue jacket dress in street-length.

The newlyweds honeymoon was in Portugal and they are now residing in

Manchester, N.H.

The bride is a graduate of the University of Pennsylvania School of Communications and Academy of Paris Ferrandi Culinary Institute in Paris, France. She is manager of Whole Foods Inc. in Cambridge, Mass.

The groom is a graduate of Cornell University and earned his MD degree at the University of Vermont College of Medicine. He is a pathologist in Manchester, N.H.

The Sensational Soul Seekers

Gospel at the Lake honors Sensational Soul Seekers

The Gospel at the Lake Lifetime Appreciation Award will be presented to the Sensational Soul Seekers at the first Gospel at the Lake 2001 concert on Friday, June 15, at Union Bethel A.M.E. Zion Church on Catawba Avenue in Cornelius.

This group has been a constant on the Carolina's Gospel Quartet circuit since their inception in Cleveland nearly 50 years ago. The group performs mostly in churches. It is not unusual for them to sing at as many as 10 different area churches in a given weekend.

Also at this first performance, in cooperation with the Cornelius Police

Department, the Gospel at the Lake DARE Achievement award will be presented to a pair of youngsters who excelled in this year's DARE drug awareness program.

Along with the Sensational Soul Seekers, other recording artists in concert will be The Voices of Morning Star, The Mighty Gospel Express, Soldiers for Christ and Brother Herman Ellis & The Dynamic Queen Cityaires.

The concerts are free but a freewill offering will be taken. For more information, call Ted Holland at 704-892-6349. Other concert dates are July 6 and Aug. 10.

Fast flight

Some facts and fancy about hummingbirds

Like to watch hummingbirds? Here are some facts about the tiny birds that you may not know:

A hummingbird's normal speed of flight is 30 mph, escape speed is 50 mph.

A hummingbird's heart rate is 250 beats per minute resting, 1200 beats per minute while feeding.

A hummingbird's nest is about the size of an English walnut.

The female hummingbird lays two white eggs about the

size of a black-eyed pea, two to three days apart, and they hatch two to three days apart. It takes 12-15 days for the eggs to hatch and the nestlings stay in the nest for 18-23 days. The oldest bird remains in the area of the nest until the youngest bird is ready to fly.

Hummingbirds winter in Central America and Southern Mexico.

It is believed that they travel approximately 18 miles per day during migration. The ratio in your feeder

should be one part sugar to four parts water. Food coloring is unnecessary in feeders. Hang feeders in the shade when possible. Hummingbirds also visit flowers for natural nectar, and hunt insects.

For more information, contact The Hummer/Bird Study Group, Inc. in Clay, Alabama (205-681-2888).
