FHA Club Conducting Cookbook Sale

The Mooresville Junior High FHA Chapter is conducting their annual sale of the famous cookbook, Favorite Recipes of Home Economics Teachers. The 1963 edition features desserts and party beverages. These cookbooks are sold only for fund raising. The 1962 edition featuring meats can also be obtained from the Chapter.

Homemakers will find in this book the most complete collection of dessert recipes ever printed. It contains over 2,000 recipes submitted by home economics teachers in every section of the United States. The recipes are very practical and are suitable for everyday meals as well as creative and gourmet attractions. The "Desserts Edition" contains a separate section for cakes, cookies, pies and candies. Cooking tables, charts, and helpful pointers, plus many photographs make these sections very useful. A dessert calorie chart, frozen dessert section and dessert spice charts are included.

Other sections feature frostings and fillings, puddings, custards, frozen desserts, fruit desserts, shortcakes, jiffy desserts, dessert sauces and toppings, desserts for large groups and many others. Low calorie, foreign, and convenience recipes contained in separate sections are worth the \$3.00 price alone.

Party beverages occupy a position of importance in this grand collection of recipes. An entire section is devoted to recipes on party punch and beverages. Favorite Recipes of Home Economics Teachers make an excellent gift for weddings, showers, graduations, etc. For information on how to obtain this book, contact any FHA member at the Mooresville Senior High School.
