## Laugh And Learn

A man took his Great Dane to a vet. "Doctor," he said, "you've got to do something. My dog does nothing but chase spots cars."

"Well, that's only natural," replied the vet. "Most dogs chase cars."

"Yes," the man agreed, "but mine catches them and buries them in the back yard."

Successful door-to-door salesman to housewife: "I'd like to show you a little item your neighbors said you couldn't afford."

The widow was inconsolable, weeping steadily for three days. Everybody was talking about it. Then, the insurance man came with a check for \$50,000.

Bravely, she smiled through her tears and said haltingly, "I'd gladly give \$10,000 of this to have him back."

The storekeeper in a small Vermont town was greeted by a neighbor who consoled him on the loss of his merchandise during a fire.

"Did you lose much?" asked the friend.

"Not too much," came the laconic reply. "I had just marked most of my stock down 20 per cent."

As usual, the girls were talking about marriage.

"I'll have trouble finding the kind of man I want to marry," commented Denise. "He'll have to be smart enough to earn a lot of money but stupid enough to give it to me."

"Did you have any trouble getting home from the party last night?"

"Not a bit—until I turned down my street and some dope stepped on my fingers!"

The society which scorns plumbing is a humble activity, and tolerates shoddiness in philosophy because philosophy is an exalted activity, yet have neither good plumbing nor good philosophy. Neither its pipes nor its theories will hold water.—John W. Gardner, President, Carnegie Foundation.

# SOIL AND WATER CONSERVATION

By W. M. BLAND  
Work Unit Conservationist

**Conservation Reserve Farms**

Unless the present program is extended, quite a number of freddie farms will come out of the Conservation Reserve Program at the end of 1963. The first thing the owner should do is contact the Soil Conservation Service and request assistance in the development of a conservation plan for the farm. Free assistance for farm planning is made available by the SCS working through the freddie Soil and Water Conservation District. The office is in the Statesville Post Office building and someone is in until 8:30 each morning.

**Farm Land Will Be Scarce**

It is estimated that 2,000 acres of farm land is being changed to other uses each day in our country. Most of this is going for highways, towns, airports, factories, colleges and punch were served to the group.

—Mr. and Mrs. Burette Powers were Sunday dinner guests of Mr. and Mrs. Jimmy Powers of Salisbury.

—Robert McLaughlin, student at State College, Raleigh, was the guest of his parents, Mr. and Mrs. McLaughlin.

—Mrs. Harry Hobbs accompanied by her daughter, Mrs. Quentin McKnight and son, Jeff, visited Mr. and Mrs. Billie Kennington and son, Danny, and Mr. and Mrs. John Davidson, all of Salisbury, on Sunday.

—Mrs. Bessie Kistler is visiting for a week with her niece, Mrs. Tom Davies and Mr. Davies of Lynchburg, Va.

**Cropland Conservation**

The steeper your cropland the more conservation practices it will need to keep it from washing away. When cultivated, this is why your conservation plan includes a few, or more, of the following soil and

—Choir rehearsal Wednesday evening at 8:45 at the Cleveland Baptist Church. Sunday School officers and teachers meeting Wednesday at 7:30.

—Circle No. 1 of W.M.U. will hold its regular monthly meeting Thursday at 2 p. m. with Mrs. G. M. Fleming.

—The Kathryn Grant Circle of W.M.U. of the Cleveland Baptist Church will hold its regular monthly meeting Friday evening at the church with Mrs. D. W. Webb as hostess.

**Woodland Conservation**

This is the best time of the year to have your growing pines marked for thinning so that the cutting operation can be done before winter sets in. Free assistance is available for marking your trees before thinning. Thinning every seven or eight years leaving the best trees spaced "diameter at breast height, plus six feet" apart. The business like way to manage your tree crop until it reaches maturity at about 80 to 100 years of age.

**Soil Conservation Service Staff**

The Soil Conservation Service, working through the freddie Soil and Water Conservation District, is represented by only three people in freddie. They are W. M. Bland, Work Unit Conservationist; B. G. Brock, Soil Conservationist; and J. B. Simpson, Soil Conservation Technician. All can be contacted at about 8:30 a. m.

# CHIROPRACTIC

for **SCIATICA**

Sciatica, or Neuritis of the Sciatic nerve in the hip and leg, is one of the most painful afflictions known to man. Pain starts in the hip, radiating down the leg, sometimes to the toes. In many instances this inflammation of the nerve is due to spinal pressure on the nerve where it leaves the spinal column, and Chiropactic spinal adjustments have proven a boon to thousands of these sufferers. See your Chiropactor.
