

Is There Room In Your Hectic Week For Boys?

Mooresville, like hundreds of hamlets, towns and cities across the nation, is in the midst of its annual Boy Scout recruitment drive. A national Boy Scout recruitment drive has been last week, working with Fredell District leaders to improve services scouting offers to boys in rural areas.

The membership campaign is more than an effort to increase the number of youngsters in scouting. While scout units welcome new troops now and at any time, the effort to the autumn program is a desire to serve boys better.

The nation's 135,389 Cub packs, Scout troops and Explorer posts are busily engaged this fall in what they are calling Adventure Roundup. They are opening their meeting places and all their facilities to welcome thousands of additional boys.

Boy Scouts of America needs no introduction. Formed in 1910 and granted a federal charter by Congress in 1916, the movement has affected the lives of some 36 million Americans. There is scarcely an American family that hasn't been touched for the better by the ideals of scouting. Former scouts today occupy high positions of trust in every phase of this nation's affairs.

At least two new scout units are being organized in Mooresville. First Baptist Church is in a training program preparatory to sponsoring a Cub Pack. The scout troop at Broad Street Methodist Church is being rejuvenated. It is our hope that every Mooresville area boy who wants to take part in an organized program of scouting

Parson Jones' Pulpit

DEAR MR. PUBLISHER:

I hope you can come out to our little Church next Sunday. We've got something new I want you to see. For the last couple years every time the deacons met they talked about one thing—money. I know the Good Book says you can't serve God and money, but you shore gotta have a little cash if you gonna serve God. About the only thing you can give the Lord that cost nothing is talk, and I'd expect He's got more of that than He can use already.

I know something else too, Mr. Publisher. The Good Book says that there's two kinds of food—physical and spiritual, and it says you have to have both to keep going. Well sir, you can get folks to spend their money on bread easy enough—a fella ain't gonna let his belly down. But, you try getting folks to spend some of their greenbacks on spiritual food and you gotta almost pry it loose from 'em with a crowbar. I always heard that you can't take your money with you when you die. I ain't too sure a that. I've got several members that I believe are gonna make it. (If the stuff will just hold up after they get there.)

Well, the good deacons knew if something didn't happen we was headed for bankruptcy, so they figured it was time to stop talking and go to doing something. Ole Hesheliah come up with a idea that's bound to revolutionize the Church business. He suggested that we put in parking meters.

Right at first the deacons were lukewarm on the proposition. They allowed that just getting ten cents a car wouldn't bring in too much money. (We'd charge regular price, five cents a hour, and with Sunday School and preaching that would be 2 hours.) We've got about 75 cars coming each Sunday, but that wouldn't be but \$750 a Sunday.

I'm looking like cold water was gonna be thrown on the whole thing when Hesheliah begged us to listen to the rest of his plan. He said the parking meters wouldn't take but a nickel at the time, so folks would have to put another nickel in after Sunday School. Course some folks would forget so we would give 'em a ticket. That would cost 'em a dollar. Hesheliah pointed out that that didn't get a ticket after Sunday School would get one after Church cause the preacher would preach overtime. That way everybody would have to pay a dollar fine. Mr. Publisher, that comes to \$82.50 a week, and that ain't half a motion was made and passed that the parking meters be put in right away.

Also made a motion that all sermons be long enough to run over time. The pastor too, I bet that's the first time in history of the Church where a preacher was made to be long-winded. Now that they've made me, I won't get no kick out of it.

Well, come on over and see us Sunday, and don't forget to bring a little money with you. The only problem with this whole thing is that the Good Book says, "The Lord loveth a cheerful giver."

It shore would be something if we went to all this trouble to get money and the Lord wouldn't have it. So long.

Yours Truly,

Parson Jones

Political Ammunition From A Cesspool

That we try and concentrate our editorial efforts on things in this community, this county, this state does not mean we are unaware of the impact of what happens in a complex world that grows smaller and more tense with each advance in man's drive to do all and know all.

Few conditions in our history have developed into a dilemma such as the position of the United States in South Vietnam. To the American people, it appears that, in that faraway land, we're damned if we do, damned if we don't. The cesspool in Saigon has become the showplace of our policy toward all the marginal nations of the world. The airing of our policy to this point has not worked to our advantage, exactly. Everybody has looked for answers in Vietnam; everybody has suggestions, but not solutions. Everybody with even a remote role in the whole unpleasant business has been blamed for it, in whole or in part—even the journalists.

These happenings on the other side of the world surely will become a campaign issue next year, in spite of all the Kennedy Administration can do to avoid it. Because by nature we "select the facts" to suit our purposes, we feel we are justified in reproducing here, in a country weekly, a recent editorial in *The Christian Science Monitor*. In our opinion, it slices straight to the heart of the matter. It can help us prepare ourselves for the partisan charges and counter-charges sure to come.

What are the lessons of South Vietnam?

The United States now has a new policy toward the Ngo family regime—one of reserve, detachment and criticism. It no longer gives all-out support to President Diem. The changeover was painful and touched off a domestic political controversy back in the United States.

There is a moment of pause, now, while the new situation is being explored in Saigon by everyone concerned. It is worth a moment of reflection to ask: why did the United States get into this mess and what lessons can be learned from it?

The first is fundamental. The United States cannot for long afford to arm and finance regimes which use that American money and arms to oppress their own people. The maneuver will be self-defeating. Sooner or later the people of that country will turn anti-American and perhaps pro-Communist. The United States cannot present itself to the world as the champion of liberty and then actively assist tyranny.

Second, the kind of warfare—part cold

AA Unit Planned Here

An Opportunity To Help And Be Helped

Alcoholics Anonymous is as close as you can come to not having an organization, and still have one. There are no AA dues, no officers, no emblems, no slogans and, in many cases, not even membership rolls.

Yet, since AA was "organized"—you can get away from the word—in 1935, it has helped an estimated 300,000 persons to successfully fight their drinking problem. Alcoholics Anonymous got started when two drunks got together in Akron, Ohio and made up their minds they weren't going to be drunks any longer. They asked the help of a physician, who counseled them and others brought to him.

This is the way AA describes itself: "Alcoholics Anonymous is a fellowship of men and women who share their experience, strength and hope with each other that they may solve their common problem and help others to recover from alcoholism."

"The only requirement for membership is a desire to stop drinking. There are no dues or fees for AA membership; we are self-supporting through our own contributions. AA is not allied with any sect, denomination, politics, organization or institution; does not wish to engage in any controversy; neither endorses nor opposes any causes. Our primary purpose is to stay sober and help other alcoholics to achieve sobriety."

There you have it. Alcoholics Anonymous.

SIDELINE COMMENTS

Let's All Make Plans To Back Junior High

By PHILIP PARKER
Saturday night Junior High will play its final game of the season at Landis. This group of boys for the past two years have really been suffering to win a game or two. Thus far during the 1963 season they have lost all four games. In their final game of the year we think it would be a splendid idea for the many football fans who turn out for the varsity game to show up at Landis Saturday night.

Martin Takes Top Money In Grid Contest

Parks Martin of Mooresville, route 1, with 10 correct guesses out of a possible 11, took first place in the weekly football contest being sponsored by Mooresville merchants and the Mooresville Tribune. As first-place winner, Martin will receive a cash award of \$7.

Second-place award of \$4 was won by Mrs. A. W. Matheny of 228 Patterson who had nine correct guesses out of a possible 11. Kenny Brotherton was third-place winner and will receive a cash prize of \$3. He had eight correct guesses out of a possible 11. The total score of the Mooresville-Trouman game was 66, and Brotherton guessed the total score 46.

In addition to Brotherton, 14 other persons had eight correct guesses out of a possible 11, but were further off on the total score of the Mooresville-Trouman game than Brotherton. These 14 were: L. A. Murdock of 141 Elm street; Webb Hager of Davidson, route 1; Odie D. Washam of 813 Spruce street; Shelby Jean Hager of Mooresville, route 4; Larry Reid Hager of Mooresville, route 4; Mrs. Alice Lowrance of 217 East Catawba avenue. Also Carol B. Donaldson of 121 Manor Circle; Terry White of 278 East Fredell avenue; A. W. Matheny of 347 Patterson avenue; Mrs. Bill Young of 339 Patterson avenue; Mrs. W. L. Moore of 250 Institute street; Jimmy Moore of 219 Bruce street; John L. Popvick of 2558 Lumina avenue, Charlotte; and Tommy Cogins of Mooresville, route 4.

Concord did not play Monroe, therefore, that game was thrown out and was not counted in the contest.

Paul Dingler of 814 South Main street guessed the exact score of the UNC (7) and USC (0) game and will receive a box of Rumsen candy from the Medical Center Pharmacy and Goodman Drug Company.

Our right choices were North Rowan over East Rowan 20-14, Monroe over Albemarle 46-0, Statesville beat West Rowan 33-13 and (that close one) Mooresville 44, Trouman 12.

Going into the ninth week of the campaign three league and two non-league teams are set for the North Piedmont teams. Non-league affairs have Monroe at Charlotte Catholic and the locals at Kannapolis.

Conference games have North Rowan at Children's Home, Davie County at East Rowan and West Rowan at Trouman.

This will be hard, but here we go. We like North Rowan over Children's Home 19-7, East Rowan to stop Davie County 13-0, Trouman to celebrate homecoming with a 19-12 decision over West Rowan.

Monroe will make it nine in a row with a 27-0 romp over Charlotte Catholic and, in an even ball game, we take the Blue Devil over Kannapolis 2-0.

Don't forget the Junior High game Saturday night. Be there.

????????

Is Baptism necessary for salvation?

Yes, for salvation means not a subjective experience of God, but the physical possession now of His life brought to full fruition only after death. "Unless a man be baptized . . . he cannot enter . . . heaven."

The water of baptism is but the sign of an essential change whereby the Holy Spirit elevates man to a new life. He thereby becomes a "partaker of the divinity."

Those baptized by John underwent a subjective experience of accepting God, but Paul re-baptizes them, so they might now be men who for the first time, had received the Holy Spirit, Acts 19:25.

SPORTS

THURSDAY, OCTOBER 31, 1963 —THE MOORESVILLE (N.C.) TRIBUNE—3

REAL DECEIVING—It appears halfback Mike Robinson is about to have the boom lowered on him. However, Robinson is just before scoring a touchdown after taking a pass from quarterback Tommy Deal and racing through the Trouman defense for six points. Robinson scored two times and set up two more with pass interceptions in the 54-12 victory over the Bobcats. Gary Karriker (61) has just thrown a block while Trouman's George Edwards (73), Gayle Murdock (83) and D. C. Viers (61) give chase to Robinson.

BY 54-12 SCORE

Blue Devils Stampede Over Troutman

Halfback David Oliphant took the opening kick-off, raced back to the Mooresville 49-yard line. On the first play from scrimmage he broke across tackle, racing 51 yards for the first of eight Blue Devil touchdowns. Moore's celebrated homecoming with a 54-12 decision over the charges of Coach Bill Mayhew from Trouman.

Late in the contest, fullback Mike Plyler, on the same off-tackle play, covered 41 yards for the final score of the game. Between these two scores, both Troutman and Moore's were treated to a most delightful evening of gridiron entertainment.

Trouman, behind the composed passing of quarterback Bobby Bracken and the receiving of fullback Stanley McConeill, moved the ball like real pros. In all, Bracken attempted 50 passes and connected on 29 occasions to keep the Blue Devil defenders in duress all evening.

Following the first three minutes of the first period the outcome was all decided in Moore's favor, but the thrills of the game continued to descend on the large gathering of South Piedmont football faithful.

Following the first Mooreville score by Oliphant, Trouman put the ball in play on its 27-yard stripe. On the first play a completed pass from Bracken to Murdock resulted in a fumble recovered by Moore's on the visitors' 27-yard line. Halfback Mike Robinson negotiated the remaining distance in two plays for the second score. Between Robinson's two runs, fullback Mike Chester netted six yards to the Trouman four, where Robinson crossed over for the score. Gary Karriker made his second PAT and with only two and a half minutes gone on the game Mooreville was out front 14-0.

Checking his long-range arm, Bracken engineered the Bobcats to their first score after kick-off. Ronnie Joyner, running from his fullback post, along with halfback Steve Byrum, accounted for the 'Cat ground attack while passes from Bracken to Joyner, Murdock moved the ball to the Devils' eight-yard marker. Here a penalty moved it to the five and then Bracken bulletted a strike to Murdock.

Following the half and marched from their own 20-yard stripe down the field to make the tally read 25-12. Bracken again was the key in this drive, connecting on passes to Murdock, moving down to the Devils' 6-yard marker. Bracken's last pass was taken by Murdock for the score.

IN WONDER STADIUM

Kannapolis Rated Serious Threat By Blue Devil Coaching Staff

Officially, the representative of the North Piedmont in the first round of the association playoffs is already determined. Unbeaten Monroe gets that honor, but as far as Mooresville fans are concerned their only thoughts are of the Mooresville-Kannapolis game to-morrow night.

The Blue Devils are having a fine season, going into their ninth game of the year with a 6-2 mark. Their objective in Kannapolis Friday night will be to move the record to 7-2. This could well be a major job.

Statistics-wise, the game will be rated a toss-up due to the record of the two clubs. Kannapolis is 5-3 for the year. Last week the Wonders were lambasted by Asheboro 53-0. The Wonders have scored wins over Statesville, North Rowan, Salisbury and South Rowan, while losing to East Mecklenburg, Thomasville and Asheboro.

Kannapolis Coach Ed Edmiston stated from the start of the year that his club was in the rebuilding stage. Despite their record in the conference his boys have shown steady improvement.

Coach Roy Boyles of the Blue Devils has spent the greater part of the practice periods during the past week getting his squad in the right frame of mind for the battle against the Wonders.

In the 54-12 conquest of Trouman last week the coach was well pleased with the showing of his entire team. Every boy on the Blue Devil roster got a chance to participate in the game and to gain valuable experience.

In the game tomorrow night, halfback David Oliphant and Mike Robinson and fullback Mike Chester will do the main part of the running chores, with Tommy Deal directing the attack at quarterback.

Deal through the season has proved to be one of the top backs in the conference, both with his running and passing abilities. Last week, Deal's passing arm could well have been carried in a sling, what with the breakaway sprints of Robinson and Oliphant.

Mooreville's forward wall will be anchored by ball snapper Derrick Hinson while Gary Karriker and Bobby Pope will get the nod at guards. Tackles are Ray Brannon and Billy Watson, with Roy Thompson and Larry Dyson at the end positions.

On defense the locals will send commanding the game, the locals, behind the running of halfback Jerry Coats. Plyler, McConeill and Bulley, using three plays to cover 48 yards. Plyler's 41-yard off-tackle scamper accounted for the touchdown.

Although the game was a runaway the contest allowed coaches of both teams to utilize the abilities of their entire bench as every player on both teams saw action with the exception of David and Roy Thompson, who sat out the contest with a head injury.

To date, the Mooreville record stands at 6-2 while the Bobcats have one win, one tie in eight outings.
