## Oak Ridge HDC Holds Luncheon

The annual holiday luncheon of the Oak Ridge Home Demonstration Club was held at the home of Mrs. Willis Tester on the Lenoir Highway.

Twenty people, including six visitors, were present. Each member brought a covered dish and a gift to be exchanged.

All joined in singing "Joy To The World" and then luncheon was served buffet style in the beautifully decorated dining room.

Following lunch, all gathered in the living room. Mrs. Carrigan, the president of the club, called for a short business meeting. Mrs. Willis Tester gave a Christmas thought from the words of Rev. Billy Graham.

Mrs. Carrigan asked each person present to recall an outstanding Christmas in his life and tell it to the club.

A motion was made that a check be given to one of the churches represented in the club each year. St. Mark's Lutheran Church was the recipient of this year's check.

After the meeting Mrs. Elaine Linker and Mrs. Doris Tester entertained the club with special Christmas music.

Present were exchanged and the meeting was adjourned.

Visiting the club was Mrs. Frank Alexander, Miss Virginia Blackwell, Mrs. E. F. Belk, Mrs. John Foltz, Mrs. Mary Morris, and Mrs. F. S. Sanders.

Mrs. E. F. Belk and Mrs. John Foltz joined the club.

## Colonel Moor Says:

DON'T GET STUCK when you change to a new car. Finance it with us at Piedmont Bank . . . you may well save \$100 or \$200 in carrying charges—for your HAPPY NEW YEAR!

Know how much Electricity your Dollar Buys Today Compared to 20 years ago...

Half again as much!

Unlike most cost-of-living items, the average cost of a kilowatt hour of electricity to our residential customers has come down one-third in the past 20 years! Duke Power has, in fact, reduced rates 4 times since the company's founding, the latest reduction occurring in June, 1963. Then why is the average family's bill bigger now?—Simply because your use of electricity has multiplied. People today use more electricity than ever to operate more and better electrical appliances—many of them unheard of 20 years ago—such as TV sets, air conditioners, food freezers, electric heating systems, and so on. So, regardless of how much electricity you use, one thing is certain—electricity today is the greatest value your dollar can buy. And Duke Power will continue to provide it at rates that make it easy for you to live better electrically.
