Operation Snowflake

Ever travel the Blue Ridge mountain section of Highway 52 in foul weather? Modern trucks are equipped to get through, but cars sometimes stall and block traffic. But not too often or for too long . . . thanks to "Operation Snowflake," a public service performed by N. C. Motor Carrier members. They maintain a daily patrol, dispatch wreckers, and flash hourly weather and road reports in true partner-on-the-highway spirit.

Countdown Charlie

Before a truck is permitted to leave the terminal, it is checked out thoroughly. This operation is executed with care by trained personnel working with proven fest equipment. And why not? The stakes are too high for guesswork. Shippers expect and receive deluxe service. Dependability is more than a slogan, it is a way of life for modern motor carriers — your partners on the highway.

Pro Drivers College

Hey, Bud! What was your college year? Chances are you never asked a truck driver this question, but if you did the answer might surprise you! More than 4,200 truck drivers have graduated from the North Carolina State College Truck Driver Training School. In the classroom and on the training field they study and prepare to become better, safer "partners on the highway". Tuition fee is $200 for North Carolinians, $250 for out-of-state drivers.

From The Governor

As part of the N. C. Truck Fidet Safety program a "Driver Of The Year" is selected from the twelve "Drivers Of The Month". He receives statewide recognition and the Governor's Gold Cup at Ceremonies in the Governor's office. Other safety activities include the annual N. C. State Truck Roadeo, safety clinics and fleet maintenance courses, among many others.
